

FRUITLAND BENCH

FRUITLAND WOMEN FAVOR BUILDING NEW HIGH SCHOOL

"Mothers' Circle" Change to Parent Teachers Association — Class of 18 to Graduate From Fruitland High—Other Fruitland News

About 300 people attended the Parent Teachers' meeting Friday evening in the High School Auditorium. "How the Story Grew" by eight of the matrons of the Mothers' Circle was heartily received because the women were at their best. Mesdames H. G. Gardner, Wattle, Hubbell, Brant Hoover, Miller, Kinsey, Kinnison, Schubert, were the eight gossipy women who caused all the merriment. The High School Glee Club rendered beautiful choruses with Mr. Adelbert and Miss Fern Wilfong rendering duets. There were discussions on a new proposed high school building, the buying and starting a park, and a few remarks about changing the Mothers' Circle to a Parent Teachers' Organization. A vote was taken of that company of people and

it carried unanimously to ask the Board to call a bond election. No definite amount was settled upon. Fruitland needs more room for the overcrowded conditions.

Large Graduating Class
There are eighteen graduates this year from the Fruitland High School, thirteen girls and five boys. The names follow: Nellie Stewart, Lucile Strawn, Laura Rezeltime, Ouida Limbaugh Virginia Ady, Irene Berg, Sophia Blind, Ruth Martin, Noble Peacock, Ernest Ronfeld, Ralph Garman, Glade Fisher, Lola Shake, Audrey Walker, Adelbert Baker, Alta Mohler, Beth McKeown, Vesta Bollinger. Commencement exercises will be held May 19th.

Several young ladies met at the J. A. Beckwith home Sunday afternoon, honoring Miss Nellie Burnett, a student at Kirksville, Missouri, whose home is at Fruitland, with a miscellaneous shower. Since she will soon be at home it was decided not to mail the gifts to her as had been planned originally. Delicious refreshments were served and the favors announced the engagement of Miss Emma Kester to John Miller, of Weiser, the wedding to take place early in June. Each girl reported a very pleasant afternoon. Miss Burnett is to marry Mr. Vernon Holt.

Mr. and Mrs. A. J. Hendy and children, Mr. and Mrs. A. T. Bishop and family, with their guest and

A GROUP OF SPLENDID OFFERINGS FOR APRIL

THIS WEEK

ONTARIO, OREGON

A new economy in motor car operation

The manufacturer of your automobile recommends, in the Instruction Book for your car, that the crankcase be drained out and flushed and then refilled with fresh oil at regular intervals.

This is necessary because engine operation causes a steady accumulation of road dust, carbon, fine metal particles and other impurities in the crankcase oil. This gritty oil circulates through your engine, impairs its performance and ultimately leads to rapid depreciation and repairs.

But cleaning the crankcase is a job generally disliked and neglected.

To meet this need, Modern Crankcase Cleaning Service has been established by first-class garages and other dealers co-operating with the Standard Oil Company. These garages and dealers use Calol Flushing Oil, — the scientific agent that cleans out old oil, dirt, grit and other impurities, and does not impair the lubricating efficiency of fresh oil used. The cleaned crankcase is refilled with the correct grade of Zerolene.

Look for the garage or dealer displaying the sign shown below — it means "Better operation and longer engine life."

STANDARD OIL COMPANY (California)

For better operation and longer engine life

cousin, Dr. H. C. Henderson, of Carpenter, California, went to Weiser Sunday to visit with Mrs. H. J. Benson, sister of Mrs. Bishop.

The Frances Willard W. C. T. U. will meet Thursday with Mrs. Stanley Dean. The subject chosen is "Anti-Narcotic."

Dr. H. C. Henderson, of Carpenter, California, is the guest this week of his cousins, Mrs. A. T. Bishop and Mrs. H. J. Hendy.

Forty young people attended the Marshmallow Roast at the Harry T. Lewis home Friday night and it was a decided success and a most happy social affair. They were introduced by writing their names on a card and stating thereon their hobby and horror. There were shadow guesses and other games and finally all went to the basement for the roast. Dillard Creger was given the first prize for the best roasted marshmallow and Mr. Rhodes received the booby, Glenn Lewis, being the judge. Each couple roasted them over lighted candles. After the roast a delicious supper was served, the tables and room being decorated in yellow and white. There was a clothes pin contest, with couples taking part and Dorothy Reed and Hubert Kutch received the first prize for speed placing thirty six clothes pins in thirty seconds. After the fun all went up stairs and sang songs with Miss Reed at the piano.

Fruitland won by 25 to 0 against Midvale High Friday. Then Grant Gardner and Paul Sargent chose sides with business men players and the Gardner side won 6 to 4. Mr. Kinnison umpiring. Fruitland High will play Emmett High School Wednesday and Weiser on Friday.

Creger-Carpenter

Dillard Creger, son of Mr. and Mrs. P. E. Creger, of Fruitland, was married to Miss Lola Carpenter, daughter of Mr. and Mrs. L. D. Carpenter, formerly of Fruitland, Sunday afternoon at two o'clock at the bride's home. Rev. McCoard formerly of Fruitland, now of Wilder, performed the ceremony. There were thirty guests. Going from Fruitland were Mr. and Mrs. P. E. Creger and family, J. I. Creger and family, Mr. and Mrs. Arthur Holbrook, Mr. and Mrs. P. K. Hansen, Mrs. S. Hunter and daughter, Olive, Miss Elsie Schmod, Mrs. O. E. Bossen and daughter, Winifred. The bride wore dainty pink georgette and carried a bouquet of white roses and the bridesmaid, Miss Marie Nesbet, of Weiser, was dressed in pink organdie and carried pink sweet peas. Amos Creger was the best man. The rooms were decorated in yellow and white. Beautiful gifts of silver and linen were received. A three course dinner was served. The happy couple will be at home on the Creger ranch to their friends as soon as the little home is made ready. On Monday evening nearly 100 friends of the bride and groom, many of whom came from Weiser, where the bride lived for some time, gathered at the P. E. Creger home and charivariated Mr. and Mrs. Dillard Creger. After the impromptu reception which was accompanied by the usual noise the self-invited guests had a big bonfire and wienie roast which was very much enjoyed. Cards announcing the birth of a little daughter, Elsie Jeannette, to Mr. and Mrs. C. K. Powell of Corvallis, Oregon, were received this week. Mr. and Mrs. Powell were former residents of Fruitland and prominent in the church and among the young people. Mr. Powell is now Superintendent of the three large poultry plants of the State Agriculture College, Corvallis.

Mr. and Mrs. J. A. Polley received Monday 400 day old White Leghorn chicks from the Quality Poultry Farm, Gresham, Oregon.

The M. E. Ladies Aid Society will hold a Cooked Food and Bakery sale at the Waite Station, Saturday, April 23rd. A sale will be held the fourth Saturday in each month.

Frances McCoard of Wilder was a week end guest of Paul Gardner. Mr. and Mrs. Charles Whitsett and son, Carl, visited Sunday with J. H. and Roy Whitsett and families.

Epworth League Rally is to be in Payette, April 26th.

Miss Martha Wilson and Miss Lucille Bindel, of Payette, and Miss Gertrude Ackerman and Miss Bernice Hill were week end guests of Mrs. William Hollenbeck. About a dozen young people were invited in Saturday evening to meet them. Sandwiches, cake and coffee were served the guests.

The Juniors and Seniors enjoyed an all day picnic on Birding Island

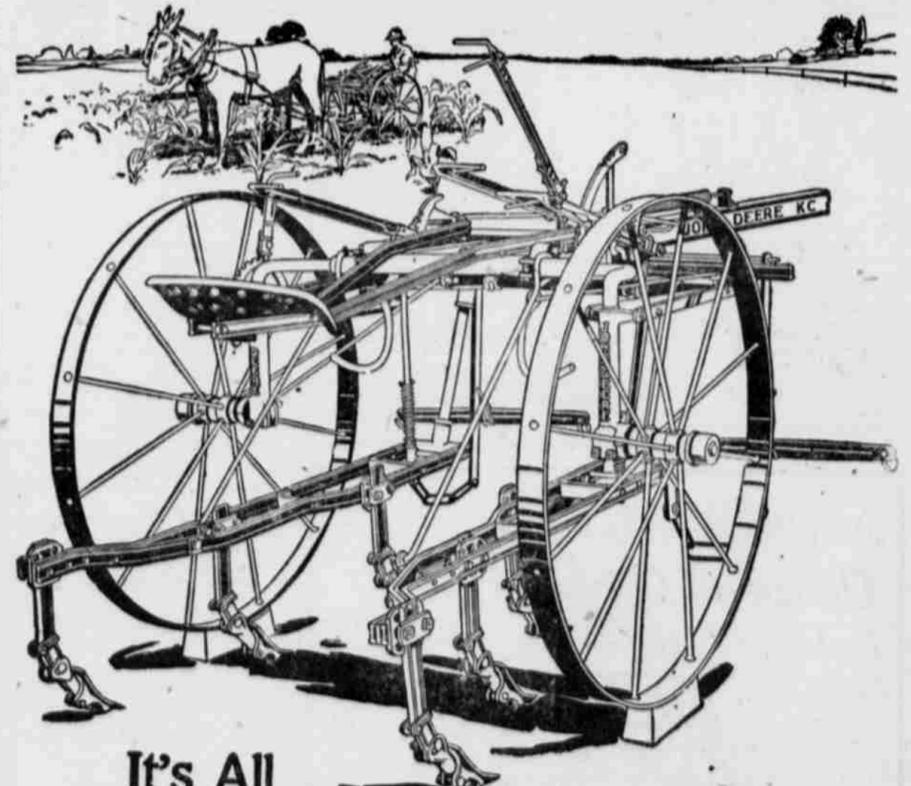

Sunday.

Saturday evening thirty one of the friends of Miss Hazel Strawn came in to her home unexpectedly and had a most delightful time playing games and enjoying themselves to the limit as only young people know how. Cocoa, cake and sandwiches were served.

Mr. and Mrs. L. Z. Schubert were called to Caldwell Monday by the death of Mrs. Schubert's niece's six months' old baby. The body was brought to Payette this Tuesday and buried in Riverside cemetery. The little one was found dead in bed yesterday morning by the parents, Mr. and Mrs. McLeod.

The Brethren Ladies Aid met Thursday with Mrs. H. H. Martin.

The special services at the Brethren Church are very largely attended. Sunday morning Rev. Austin spoke to the older people and the older people of the church had charge of the singing which was very beautiful indeed. Mrs. Austin spoke to the children Sunday morning. In the evening the younger people had charge of the singing and gave a sacred concert. Rev. Austin addressed the young people and the church was filled to its capacity. A special program is being prepared by the children to be given Mothers' Day, May 8th.

It's All in the Way the Shovels Work

A cultivator is hoeing-capacity greatly multiplied. The shovels take the place of hoes. They work the soil, destroy weeds and make a mulch, according to the control you have over them through the mechanism of the cultivator. Complete and ready control of the way the shovels work is a great feature of the

JOHN DEERE K C CULTIVATOR

The special lever control of this machine enables you to drive into the field, stay on it and make all necessary adjustments with levers. Rigs spread equally at front and back when spaced with the spread lever. Shovels enter the ground level and continue level as they are lowered with the depth levers. Deeper or shallower adjustment of front or rear shovels can be made with the tilting lever — a big advantage when cultivating up or down slope.

No need of raising or lowering shanks to make shovels run at even depth. Quick dodge on crooked rows can be made — a light push on the foot levers guides the wheels and shifts the rigs. Beams are always parallel — shovels always face squarely and cut full width — no uncultivated spots, undrained ridges or deep trenches are left. The John Deere KC runs steady and pulls light. It is built the John Deere way throughout — every part strong and substantial.

Come in and see the John Deere K C
